# Introduction

**To achieve meaningful change in the world, we must invest in our future, our kids, our health, and our neighbors.** For some, this means nurturing and providing guidance to the youths and children around them. For others, this means engaging in communities and programs that help foster growth and interconnectedness. But wherever your vocation calls you to act, at the YMCA, your work to ensure that your communities have the resources and support they need to prosper is paramount.

**Youth development, healthy living, and social responsibility are the core pillars that the YMCA is built upon.** And whether you're a volunteer or an employee, the ability to foster these competencies relies on providing clean, safe, and healthy facilities for visitors, families, and communities to gather, grow, and thrive.

#### **Tennant creates a cleaner, safer, healthier world**

Why Tennant? Because, like you, our local sales and service teams are also a part of your community, dedicated to helping ensure that individuals and families alike are able to grow closer and stronger.

We provide value that matters—on the surface and beyond—to directly support the goals of the YMCA. We focus on changing the way the world cleans, to enable you and the YMCA to focus more of your time, energy, and resources on your communities while we take care of the messes that happen along the way.

And, as an **approved vendor of the YMCA's Shared Services Program**, you can take advantage of the best pricing available by purchasing directly from Tennant. Which means you can spend more of your resources on the communities around you.

Tennant is a recognized leader of the cleaning industry. We are passionate about developing innovative and sustainable solutions that help our customers clean more spaces more effectively, while addressing the indoor and outdoor cleaning challenges that come with maintaining a YMCA and its facilities.

The YMCA measures success by how well you engage, encourage, and foster your communities. Tennant measures success by how well we enable you to do so.

# Tennant for YMCA Shared Services

## Lobbies and Hallways

Prevent debris, clean-up messes, and create a great first impression for those walking in. With **vacuums** for entry way mats and **scrubbers** to wash away rain, slush, and snow, count on Tennant to keep your lobbies and hallways clean rain or shine.

## Classrooms

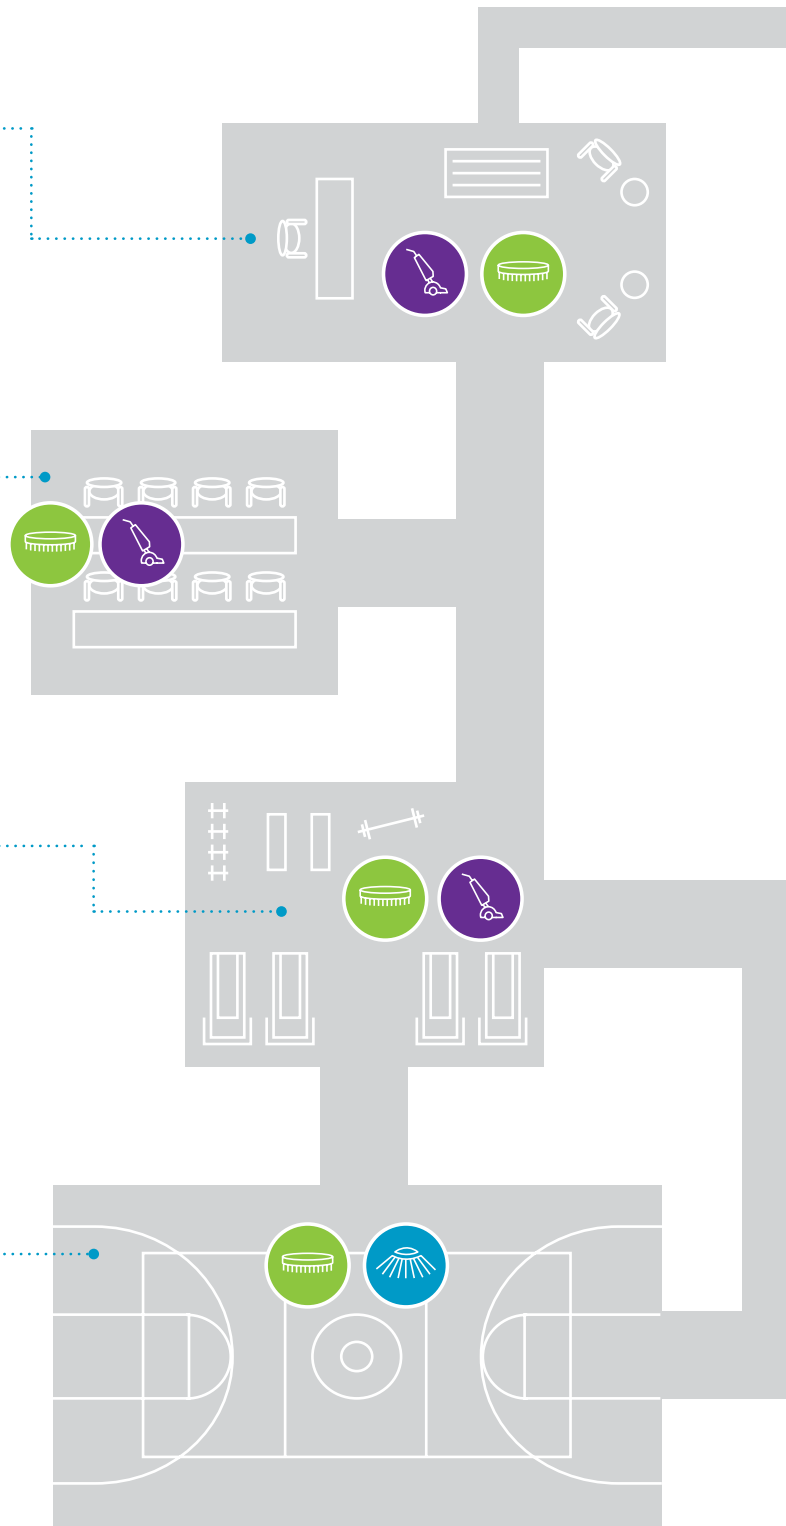

When classrooms are dirty, it makes gathering in those spaces less likely and less rewarding. Use Tennant's expert line of **scrubbers** and **vacuums** to ensure that classrooms stay clean.

## Gym Floors

Sweat, dust and grime make cleaning your gym floors even more essential. From hardwood to rolled rubber floors, Tennant's line of **scrubbers** and **backpack vacuums** help you keep your floors clean of dust and debris.

## Basketball Courts

From hardwood to concrete—indoor and outdoor—Tennant's versatile line of **scrubbers** and **sweepers** help keep your players safe both on and off the court.

### Exteriors and Pavilions

The outside of your YMCA is just as important as the inside. Remove sand, dirt and debris with Tennant's versatile line of **sweepers** for concrete, asphalt, sidewalks, and parking lots.

### Camps

Summer camps, day camps, sports camps, and outdoor camps all play incredibly valuable roles at the YMCA, and ensuring that these camps all have the resources they need to stay clean is essential. Give your campers clean and welcoming facilities with Tennant's versatile line of **scrubbers** and **sweepers** that can be used both inside and out.

### Locker Rooms

Keeping your locker rooms clean can seem like a never ending task. Count on Tennant's line of small scrubbers to keep your larger locker bays clean, **backpack vacuums** to remove any light debris, and **multi-purpose surface cleaning machines** for tiled walls and floors in the restroom and shower areas.

### Pool Areas

From swim classes to water sports to recreational activities, nothing brings a community together like a pool. Keep your pool decks clean with Tennant's quality line of **scrubbers**.

# Conclusion

## Tennant and the YMCA: Creating a cleaner, safer, healthier world

Ensure that your facilities make a great first impression from the moment visitors and staff arrive to the moment they leave with Tennant's innovative, sustainable cleaning solutions.

### Sustainable Solutions

We're committed to empowering YMCA to create a cleaner, safer and healthier world with high-performance solutions that minimize waste, reduce costs and improve safety, contribute to LEED® credits in accord with USGBC guidelines, and further your sustainability goals.

### Maintenance

Our factory-trained team of Tennant direct service representatives respond quickly. We are at your site within one to two business days on average in most areas and come prepared with the equipment and tools needed to fix your machines right away, reducing downtime and lowering service costs.

### YMCA Shared Services Approved Vendor

Consolidate your facility maintenance purchases with an approved YMCA Shared Services vendor who understands your business, provides industry best practices and protects the supply chain with U.S.-based plants and distribution facilities. Never just a supplier, we are your trusted advisor for floor care solutions, top-quality machines and reliable service.

### Local Support

Our Tennant sales and service teams are local and ready to serve your YMCA as both an expert in sustainable cleaning and as a member of the community. Count on us to provide the best product recommendations for your needs, help train and on-board your employees and ensure your machines stay running - no matter where you are.
