

REINVENT HOW THE WORLD CLEANS

# T291

## Small walk-behind scrubber-dryer

### Big value in a small size

Get a lot of value in a small scrubber-dryer with intuitive controls, comfortable ergonomics, and straight-forward operation. Daily maintenance is made easy due to a large recovery tank lid opening, no-tool brush/pad replacement, and yellow touchpoints. Perfect for facility owners and operators who want a productive, easy-to-use machine that is also easy to maintain.

### Available technologies

ec-H2O NanoClean® with chemical dosing system

Worry-free operation and maintenance with optional lithium-ion batteries.

**Comfortable and easy to manoeuvre** Optimise operator comfort with great manoeuvrability and an adjustable handle with comfortable grip for ergonomic operation.

**Easy operation** Operate with ease and simplify operator training using pre-programmed cleaning settings.

**Extend cleaning uptime** Reduce noise levels and water consumption while increasing run time with ECO mode.

# Inside the T291

- 1. Self-levelling brush technology** for optimum cleaning performance on various surfaces.
- 2. Intuitive controls** featuring pre-programmed cleaning settings, standard and ECO mode, make it easy to operate and train.
- 3. Large LCD display** with clear controls and multilingual support allows users to monitor helpful information.
- 4. Large sized recovery tank opening** enables full access and visibility to help simplify daily maintenance.
- 5. Effective squeegee design** and standard Linatex® blades offer excellent water pick-up.
- 6. No-tool brush/pad change system** simplifies maintenance with the ability to spin-on and spin-off from the operator controls.
- 7. Yellow touch points** help simplify operator training and daily preventative maintenance.
- 8. On-board charger** allows for flexible charging.
