TENNANT X-SERIES ROBOTIC FLOOR SCRUBBERS

The path to modern cleaning is full of obstacles.

ROBOTS CAN NAVIGATE THEM ALL.

TENNANT'S X-SERIES ROBOTIC FLOOR SCRUBBERS

Tennant's robotic floor scrubbers are designed to work safely alongside employees and deliver efficient, thorough cleaning performance using a suite of advanced features.

- Powered by BrainOS®, an advanced artificial intelligence and robotic technology platform from Brain Corp that ensures safe, accurate operation.
- Electrically powered and compatible with high-capacity lithium-ion batteries for a sustainable, cost-efficient clean.

X2 ROVR SCRUB

Delivers exceptional cleaning performance in small spaces with up to 96% of common soils in the first pass of cleaning.

X4 ROVR

Compact and agile, perfect for small spaces with advanced obstacle detection and minimal manual input.

X6 ROVR

Mid-sized and purpose-built to deliver maximum cleaning coverage with minimal oversight in both tight spaces and expansive areas.
