Sentinel®
HIGH-PERFORMANCE OUTDOOR SWEEPER

- Deliver excellent sweeping performance in the harshest, most congested environments
- Achieve consistent cleaning results from all-weather sweeping capability
- Ensure a healthy and safe environment with improved air quality from PM-10 certified dust control system
- Maximize operator comfort and safety with full-view, cab-forward design
KEY SENTINEL® SWEEPER FEATURES TO HELP MAXIMIZE PRODUCTIVITY, REDUCE COSTS, AND INCREASE SAFETY

- **Effectively clean uneven surfaces** with main brush center-point suspension.
- **Meet the most stringent PM-10 environmental air quality requirements** with hydraulic twin-vacuum dust control system.
- **Lock out noise and dust** for increased operator safety with roomy, sealed pressurized cab interior.
- **Easily power off vacuum fans** when sweeping in wet conditions with separate vacuum fan shutoff.
- **Lessen vibration and increase operator comfort** with pneumatic tires and leaf-spring suspension.
- **Sweep on both sides of the machine** with optional Vario Sweeping Brush™.
- **Steer clear of obstacles and increase visibility around the machine** using in-cab monitor and PerformanceView™.
- **Prevent double-handling of debris** and discharge into large roll offs and dump trucks with optional multi-level dump hopper.
- **Increase machine awareness and improve safety** with optional front and rear warning lights.
- **Easily monitor machine performance** with high-visibility touch-screen control panel.
- **Effectively train operators** with on-board training videos.

**Multiple configurations for your cleaning needs:**
- Dry Side Brush Dust Control
- Wet Side Brush Dust Control
- Wet and Dry Side Brush Dust Control
A HIGH-PERFORMANCE, ALL-WEATHER OUTDOOR SWEEPER WITH EXCEPTIONAL DUST CONTROL FOR CLEANING IN HARSH, CONGESTED ENVIRONMENTS

THE SENTINEL® DELIVERS EXCEPTIONAL BENEFITS TO MEET YOUR SWEEPING CHALLENGES

REDUCE COST TO CLEAN
Keep costs low with solid shaft design that increases conveyor life over previous models, reducing cost of ownership.

HEALTH & SAFETY
Protect employees and facilities from potentially harmful dust with the unique, twin-vacuum all-weather dry dust control system with PM-10 certification.

ENHANCE FACILITY IMAGE
Ensure your facilities always look great with a robust and proven design that enables you to sweep in any season.

EASY OPERATION & MAINTENANCE
Deliver consistent sweeping results and easily maneuver through congested areas with four-wheel power steering.
Excellent dry dust control featuring full skirting around side brushes and main brush, using durable high-density polyethylene skirts and rubber coated nylon covers.

Wet dust control with adjustable spray nozzles helps knock down dust with fine water mist fed from a 94 gal / 355 liter on-board water tank.

Machine maintenance made quick with easy access to engine and conveyor.

(Photograph shown with optional accessories.)

Long lasting synthetic filter made from water-resistant, singed polyester helps protect filter life.

Solid shaft design with built-in conveyor obstruction alert maximizes conveyor life.

100.6 hp / 75 kW Cummins turbo diesel engine increases machine effectiveness in tough applications.

TotalView™ glass doors and cab-forward design maximize sweeping safety.

Available air ride suspension seat enhances operator comfort and safety.

Hydraulic-driven, spring-loaded side brush retracts on impact for decreased maintenance costs.

Left-hand side brush widens sweeping path to 87 in / 2,210 mm for increased productivity.

Hydraulic twin-vacuum fans maximize dust control.

Standard audio back-up and hopper raise alarm for operator and employee protection.

Corrosion-resistant stainless steel hopper captures virtually all types of debris.

Main brush center-point suspension for sweeping uneven surface types.

Direct throw system and debris conveyor collects virtually all forms of debris.

Solid shaft design with built-in conveyor obstruction alert maximizes conveyor life.
Available air ride suspension seat enhances operator comfort and safety.

**KEY AVAILABLE FEATURES**

- **4-Wheel power steering** allows easy access to tight spaces by delivering a 13 ft / 3,960 mm turning radius with exceptional maneuverability.

- **One touch activation** simplifies operator training with controls that enable sweeping systems to be activated with a single button.

- **Safely monitor the side and rear areas of the machine** with the PerformanceView™ camera system.

**ENGINEERED FOR PRODUCTIVITY AND VERSATILITY**

**TECHNOLOGY PROVIDES GREATER FLEXIBILITY IN HARD TO REACH AREAS**

Optional Vario Sweeping Brush™ allows the Sentinel the ability to sweep on top of curbs, collect hard to reach debris from corners, around fixed obstacles and in congested areas for increased productivity and more effective sweeping.

**KEY OPTIONS**

- **Optional high-pressure spray hose** delivers powerful off-machine cleaning.
- **Optional 9.5 ft / 2,900 mm multi-level dump**, with hopper overload indicator, enables you to easily empty debris in most places you need.
- **Optional Central Lubrication System** provides automatic greasing of critical components to ensure proper machine performance and maximum life.
- **Optional vacuum wand** enables operators to clean under and around obstructions.

**OPTIONAL VARIO SWEEPING BRUSH™**

**4-WHEEL STEERING**

**PERFORMANCEVIEW™ CAMERA SYSTEM**

**SELF-TENSIONING CONVEYOR**

**ONE-TOUCH ACTIVATION**
TENANTTRUE® PARTS, SERVICE AND FINANCE SOLUTIONS

- Reduce rework and improve uptime by leveraging TennantTrue parts and service.

- Ensure optimal cleaning performance by selecting a TennantTrue Service program provided by a network of over 450 factory-trained Tennant service representatives.

- Simplify budgeting by bundling TennantTrue service plans, including parts, into the purchase or financing of your machine.

Lease. Pre-Owned. Rent. Tennant has flexible options that get you the machines you need, however you need them.
