A flawless brand

A flawless shopping environment keeps customers coming back for more as well as creating pride and motivation amongst your staff. Our range covers every need at your retail facility. Low ownership costs and high productivity ensure a high return on your investment, while achieving outstanding results every time. At Tennant, we make it our business to know your business. You will see the difference in a cleaner, safer, healthier retail world.

**IMPROVE HEALTH
AND SAFETY**

**ENHANCE
FACILITY IMAGE**

**REDUCE COST
TO CLEAN**

**MINIMISE
ENVIRONMENTAL IMPACT**

PARKS

Parks and amusement parks attract more visitors and discourage vandalism and littering when they are maintained well.

With Tennant's Outdoor equipment including the GRV multi-purpose cleaning machine and the GM 414 that is compact enough to clean almost any outdoor space.

CAR PARKING

Car parks or covered parking garages require a reliable and optimum cleaning in order to convey a safe and clean image.

The Tennant Outdoor cleaning equipment offers the reliability and robustness to provide consistent productive cleaning results.

CITY CENTRE

Busy pedestrian areas and narrow city centre streets are easily cleaned with the low-noise and exhaust emission-free 500ze or the agile and productive 400 Series. With little nuisance for passers-by you are now able to do the job quickly and effectively

FOOTPATHS

Pedestrian safety and sidewalk cleanliness are crucial for a council's image. Sweeping litter effectively in hard to reach places and without disrupting sidewalk traffic is easy with the 400 Series.

Tailored for your premises

OUR **IN-DEPTH KNOWLEDGE OF THE RETAIL SECTOR** MEANS WE CAN OFFER YOU BENEFITS THAT ARE TAILORED TO YOUR UNIQUE NEEDS.

RETAIL PARKING

Whether at a convenience store or at a shopping centre, car parks need to be cleaned regularly in order to guarantee safety and to maintain an appealing facility.

Choose from the Tennant Outdoor range based on size and frequency of your sweeping operation.

STREET SWEEPING

When it comes to street sweeping we have the right machine to meet your expectations of cleanliness, robustness and productivity - even in noise-sensitive areas.

Rely on our innovations that control dust and reduce public disturbance including the 500ze Zero Emission Sweeper that is virtually silent in transit.

Tennant Technologies

Tennant's technologies help you to enhance safety and productivity while reducing water and chemical usage.

IRIS® Fleet Manager

IRIS® Fleet Manager allows you to manage your fleet of machines across multiple sites. This intelligent command center delivers key performance metrics, empowering you with actionable insights to optimise fleet performance, improve cleaning efficiency, drive measurable results, and reduce cost-to-clean.

ec-H2O NanoClean™

Like the original ec-H2O™, ec-H2O NanoClean™ technology electrically converts water into an innovative cleaning solution that cleans effectively, saves money, and reduces environmental impact compared to daily floor cleaning chemicals*.

ec-H2O™

ec-H2O™ scrubbing technology improves productivity by scrubbing up to 3 times longer with a single tank. It uses less chemicals and packaging and up to 70% less water than conventional methods, thus reducing the environmental impact of your daily cleaning and maintenance activities. It also improves safety for both passers-by and operators.

More than clean, it's ReadySpace®

ReadySpace®

ReadySpace® rapid-drying carpet cleaning technology provides clean, fresh carpets in minutes to reduce room and carpet area closure times. It uses up to 80% less water to clean and leaves 90% less water in the carpet.

*ec-H2O NanoClean™ technology is not suitable for all soils, including heavy concentrations of fats and oils. Depending on the type of soil, conventional chemical cleaners may be required.

T7AMR

T7AMR

AUTONOMOUS RIDER SCRUBBER DRYER

The T7AMR is a robotic solution designed to work safely and efficiently alongside employees. Powered by BrainOS advanced vision based A.I. system this machine is able to avoid obstacles in a complex, real world environment while your employees focus on high-value tasks. Featuring a self-adjusting splash skirt to reduce scrub desk overspray, preset routes for daily cleaning and can operate in tight turning circles. The T7AMR is your newest team member!

CUSTOMISED DATA INSIGHTS

T7AMR

T380AMR

AUTONOMOUS RIDER SCRUBBER DRYER

Increase productivity, maintain a high standard of cleaning, and effectively clean narrow aisles and spaces with the T380AMR, a compact robotic floor cleaning machine. The T380AMR is powered by BrainOS® and is specifically designed for autonomous cleaning, working safely alongside employees and customers, while navigating around obstacles. Clean tight spaces, including narrow aisles, with the T380AMR's compact and maneuverable design and 500 mm scrub head. Teach and repeat training model ensures consistent cleaning performance from the T380AMR Robotic Floor Scrubber. Clean more effectively and consistently by running multiple routes, back-to-back, without assistance. Reassure both employees and customers that clean is a priority by putting the T380AMR to work during regular business hours.

T500

SCRUBBER-DRYER

Reduce costs to clean, increase productivity and simplify operator training with the T500 and T500e's optional innovative technologies, such as Smart-Fill™ automatic battery watering, ec-H2O NanoClean™, IRIS® Asset Manager and more. Deliver predictable cleaning results with operator lock-out, on-demand tutorial videos and Zone Settings™ with customisable labels using Pro-Panel™ LCD touch screen technology (Available on T500 only). Increase battery life with available SmartFil, extend battery run-time and easily optimise long-term battery performance with a nearly maintenance-free automatic battery watering system. Choose from disk, cylindrical or orbital scrubbing heads in a range of cleaning path widths on this mid-size scrubber. Effectively remove floor finish without expensive stripping chemicals with the 700 mm orbital cleaning head option, which includes a 2,000 hour / 2-year isolator warranty.

T12

COMPACT RIDER SCRUBBER-DRYER

The T12 has enough heavy-duty power to remove stubborn dirt, climb ramps and work tirelessly on even the toughest jobs. Its easy manoeuvrability and tight turning radius make it ideal in confined spaces. Control is easy with simple switching between settings for different operators. Long battery life and a high-capacity solution tank reduce the time needed for refilling. Ec-H2O™ technology allows you to scrub up to three times longer with reduced water and detergent use.

S7

WALK BEHIND BATTERY SWEEPER

The S7 is a versatile walk-behind battery-operated sweeper for cleaning both hard floors and carpeted spaces. Sweep virtually anytime, anywhere, with cordless operation and wide 700 mm sweeping path. Clean either hard or soft floors with adjustable main and side brush. Durable components such as steel frame, durable covers, and chrome-plated tubular handle means the S7 can clean even light industrial environments.

T600

WALK BEHIND SCRUBBER-DRYER

The T600 Walk-Behind Floor Scrubbers feature durable construction and a suite of productivity-boosting features. Help make your cleaning operation more productive by choosing from multiple cleaning heads and a variety of optional innovative technologies.

T1/T1B

WALK BEHIND SCRUBBER-DRYER

Its compact profile and easy manoeuvrability make this low profile walk behind scrubber-dryer ideal for use in tight spaces. It offers optimal power with low noise levels. An ergonomic handle and grips make it easy and comfortable to use, while excellent water recovery reduces the risk of slip-and-fall accidents.

T12

COMPACT RIDER SCRUBBER-DRYER

The T12 has enough heavy-duty power to remove stubborn dirt, climb ramps and work tirelessly on even the toughest jobs. Its easy manoeuvrability and tight turning radius make it ideal in confined spaces. Control is easy with simple switching between settings for different operators. Long battery life and a high-capacity solution tank reduce the time needed for refilling. Ec-H2O™ technology allows you to scrub up to three times longer with reduced water and detergent use.

WET-DRY VACUUMS

V-WD-27 / V-WD-62 / V-WD-72

Clean away dirt and water with Tennant Wet/Dry vacuums, and choose the right size and power level that you need. With advanced mechanical design, compact and lightweight machines ensure no loss of performance and can withstand up to 800 working hours. Also hosting quiet performance so your floors can be cleaned without disrupting work nearby, which is perfect for Healthcare. Each machine comes with SANIFILTER – Certified Antibacterial Treatment. This treatment is of the filters with silver ions (Ag+ ions) where it destroys bacteria's membrane cell, fungus, viruses, micro parasites and inhibits their proliferation. Sanifilter has good cleaning resistance, up to 5 washes at low temperature (T=40°C). Immediate and effective action on the collected material avoiding bacteria re-emission in the exhaust air. Antibacterial activity against both Staphylococcus Aureus and Klebsiella Pneumoniae verified according to the JIS L 1902:2008 International Standard.
